### Tampon-Bedruckung

#### Pad printing

Viele Fahrzeug-Modelle und andere Bausätze von Kibri werden im Tampondruckverfahren bedruckt. Die Druckfarbe wird bei diesem Verfahren durch einen elastischen Tampon aus Silikon-Kautschuk auf das Modell übertragen. Many vehicles and other model kits of Kibri are high quality pad printed. The printing is transferred to the model with an elastic pad of silicone rubber.

Die aktuelle Version der Anleitung finden Sie auf der Kibri-Homepage unter der Artikelnummer.

You will find the latest version of the manual on the Kibri website using the item-No.
